3. A copy of the statement on origin or the replacement statement on origin and any additional information or documents suggesting that the information given on that statement or that replacement statement is incorrect may be forwarded in support of the request for verification.

The requesting Member State shall set a 6-month initial deadline to communicate the results of the verification, starting from the date of the verification request, with the exception of requests sent to Norway or Switzerland for the purpose of verifying replacement statements on origin made out in their territories on the basis of a statement on origin made out in a beneficiary country, for which this deadline shall be extended to 8 months.

2. If in cases of reasonable doubt there is no reply within the period specified in paragraph 1 or if the reply does not contain sufficient information to determine the real origin of the products, a second communication shall be sent to the competent authorities. This communication shall set a further deadline of not more than 6 months. If after the second communication the results of the verification are not communicated to the requesting authorities within 6 months from the date on which the second communication was sent, or if this result do not allow the authenticity of the document in question or the real origin of the products to be determined, the requesting authorities shall refuse entitlement to the tariff preferences.

3. Where the verification provided for in paragraph 1 or any other available information appears to indicate that the rules of origin are being contravened, the exporting beneficiary country shall on its own initiative or at the request of the customs authorities of the Member States or the Commission carry out appropriate inquiries or arrange for such inquiries to be carried out with due urgency to identify and prevent such contraventions. For this purpose, the Commission or the customs authorities of the Member States may participate in those inquiries.

Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

The results shall be such as to establish whether the proof of origin in question applies to the products actually exported and whether these products can be considered as products originating in the beneficiary country.

4. In the case of certificates of origin Form A issued following bilateral cumulation, the reply shall include a copy (copies) of the movement certificate(s) EUR.1 or, where necessary, of the corresponding invoice declaration(s).

5. If, in cases of reasonable doubt, there is no reply within the 6 months specified in paragraph 3 or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, a second communication shall be sent to the competent authorities. If after the second communication the results of the verification are not communicated to the requesting authorities within 4 months from the date on which the second communication was sent, or if these results do not allow the authenticity of the document in question or the real origin of the products to be determined, the requesting authorities shall, except in exceptional circumstances, refuse entitlement to the tariff preferences.

6. Where the verification procedure or any other available information appears to indicate that the rules of origin are being contravened, the exporting beneficiary country shall, on its own initiative or at the request of the customs authorities of the Member States, carry out appropriate inquiries or arrange for such inquiries to be carried out with due urgency to identify and prevent such contraventions. For this purpose, the Commission or the customs authorities of the Member States may participate in the inquiries.

7. For the purposes of the subsequent verification of certificates of origin Form A, the exporters shall keep all appropriate documents proving the originating status of the products concerned and the competent governmental authorities of the exporting beneficiary country shall keep copies of the certificates, as well as any export documents referring to them. These documents shall be kept for at least 3 years from the end of the year in which the certificate of origin Form A was issued.

III. Indications à porter dans la case 8

Pour bénéficier des préférences, les produits doivent avoir été, soit entièrement obtenus, soit suffisamment ouverts ou transformés conformément aux règles d'origine des pays de destination.

 - Fédération de Russie: pour les produits avec valeur ajoutée dans le pays exportateur bénéficiaire de préférences, il y a lieu d'inscrire la lettre "Y" dans la case 8, en la faisant suivre de la valeur des matières et des composants importés, exprimée en pourcentage du prix fob des marchandises exportées (exemple: "Y" 45%); pour les produits obtenus dans un pays bénéficiaire de préférences et ouverts ou transformés dans un ou plusieurs autres pays bénéficiaires, il y a lieu d'inscrire les lettres "Pk" dans la case 8;

** Un visa officiel n'est pas exigé.

*** Les Etats-Unis n'exigent pas de certificat SGP Formule A. Une déclaration reprenant toute information appropriée et détaillée concernant la production ou la fabrication de la marchandise est considérée comme suffisante, et doit être présentée uniquement à la demande du receveur des douanes du district (District collector of Customs).
